HONORS & AWARDS

Kazakh Ambassador Appreciates Mr. Khalid Taimur Akram

11th August 2026

On 11 August 2026, His Excellency Yerzhan Kistafin, Ambassador of the Republic of Kazakhstan to Pakistan, invited Mr. Khalid Taimur Akram and conferred upon him a prestigious Special Appreciation Certificate in recognition of his valuable contributions to promoting and strengthening bilateral cooperation between the Republic of Kazakhstan and the Islamic Republic of Pakistan. The ceremony was held at the Embassy of the Republic of Kazakhstan in Islamabad.

During the meeting, Ambassador Yerzhan Kistafin highly commended Mr. Akram's dedication, commitment, and continuous efforts in advancing academic, cultural, economic, and people-to-people exchanges between Kazakhstan and Pakistan. He acknowledged Mr. Akram's significant role in fostering mutual understanding and enhancing collaboration between institutions, researchers, policymakers, and business communities of the two friendly countries.

The Ambassador noted that such efforts contribute positively to the development of stronger bilateral relations and create new opportunities for cooperation in diverse fields, including education, research, trade, investment, regional connectivity, and cultural exchange. He expressed

his appreciation for Mr. Akram's unwavering support in promoting constructive engagement and dialogue between Kazakhstan and Pakistan.

On the occasion, Mr. Khalid Taimur Akram also expressed his sincere gratitude to Ambassador Yerzhan Kistafin for the honour and warm recognition. He highly appreciated the Ambassador's dynamic leadership and tireless efforts in further strengthening

Kazakhstan–Pakistan relations. Mr. Akram acknowledged the Ambassador's important role in promoting diplomatic engagement, economic cooperation, educational partnerships, and cultural understanding between the two countries.

Mr. Akram reaffirmed his commitment to continuing his efforts to enhance collaboration between Kazakhstan and Pakistan and to further promote initiatives that contribute to regional connectivity, mutual prosperity, and sustainable development. He emphasized that the longstanding friendship between the two nations provides a strong foundation for expanding cooperation in various sectors and expressed confidence that bilateral relations will continue to flourish in the years ahead.

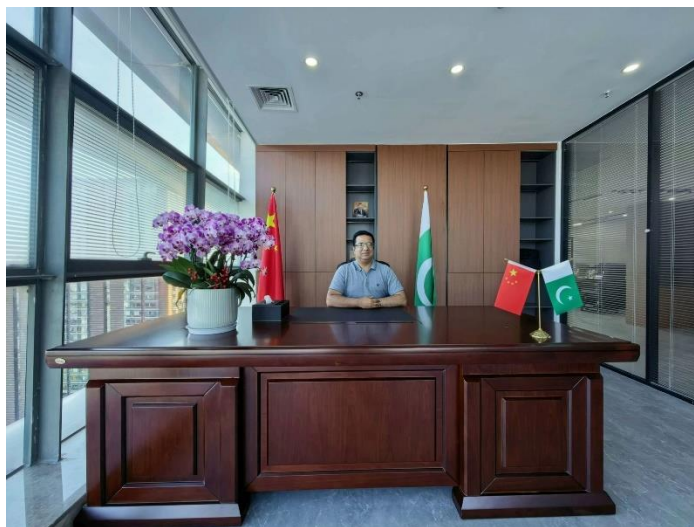

Jiang Tonland International Holding (Beijing) Co., Ltd. Appoints Mr. Khalid Taimur Akram as Director – Eurasian Region and China

14 August 2026

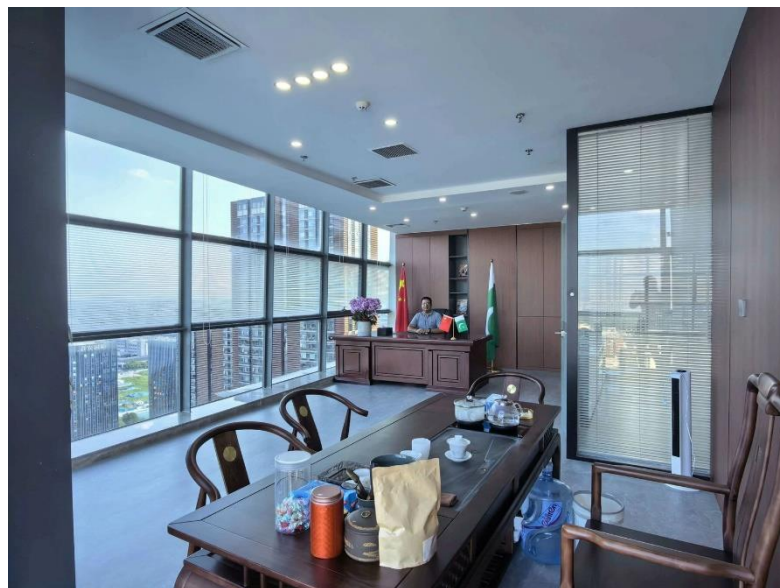

On 14 August 2026, Jiang Tonland International Holding (Beijing) Co., Ltd, China appointed Mr. Khalid Taimur Akram as Director – Eurasian Region and China and established his office for the effective coordination and promotion of the company's activities across the region. This prestigious appointment reflects the company's strong confidence in Mr. Akram's extensive professional experience, distinguished leadership, and longstanding contributions to strengthening international cooperation and fostering strategic partnerships throughout Eurasia.

As Director – Eurasian Region and China, Mr. Akram will play a pivotal role in promoting strategic partnerships, enhancing business cooperation, and facilitating economic, technological, cultural, and academic exchanges between China and countries across the Eurasian region. His appointment is expected to significantly contribute to expanding the company's regional outreach and advancing collaborative initiatives in trade, investment, innovation, infrastructure development, and sustainable economic growth.

Mr. Akram is widely recognized for his efforts in fostering international engagement and strengthening connectivity between China, Pakistan, Central Asia, and other Eurasian countries. Through his leadership and extensive network of professional and institutional relationships, he has consistently promoted dialogue, mutual understanding, and practical cooperation among stakeholders from government institutions, academia, think tanks, and the private sector. His contributions have played an important role in encouraging regional integration and supporting initiatives aimed at enhancing economic and people-to-people connectivity.

The appointment also reflects the growing importance of Eurasian connectivity and China's expanding engagement with regional partners under emerging frameworks of international cooperation and development. By leveraging his expertise in regional affairs, strategic communication, and international collaboration, Mr. Akram is expected to further strengthen the company's presence and partnerships across key Eurasian markets.

EVENTS & MEETINGS (ORGANIZED & ATTENDED)

Mr. Khalid Taimur Akram meets Chairman, Higher Education Commission (HEC)

Pakistan

5 August 2026

On 5 August 2026, Mr. Khalid Taimur Akram visited the Higher Education Commission (HEC) Pakistan and met with Professor Dr. Niaz Ahmad Akhtar, Chairman, HEC.

The meeting provided a valuable opportunity for an insightful exchange of views on the evolving landscape of higher education in Pakistan, with particular emphasis on academic excellence, institutional development, research, innovation, and stronger linkages between academia and relevant stakeholders. Both discussed the importance of fostering a dynamic and inclusive educational environment that encourages intellectual growth, innovation, and the pursuit of knowledge.

The discussion also underscored the importance of equipping Pakistan's youth with the knowledge, skills, and opportunities necessary to contribute meaningfully to the country's socio-economic development and

to compete effectively in an increasingly interconnected world. Particular attention was given to the role of higher education institutions in nurturing future leaders, researchers, and professionals capable of addressing emerging national and global challenges.

Mr. Khalid Taimur Akram appreciated the significant role of the Higher Education Commission (HEC) Pakistan in advancing the country's academic and research ecosystem and expressed his commitment to supporting initiatives that promote knowledge exchange, meaningful collaboration, and long-term institutional partnerships. He also acknowledged HEC's efforts in enhancing educational standards, strengthening research capacity, and promoting international academic cooperation, which continue to contribute to the overall development of Pakistan's higher education sector.

The meeting concluded with a shared commitment to encouraging constructive engagement and collaboration in support of educational excellence, research advancement, and sustainable national development.

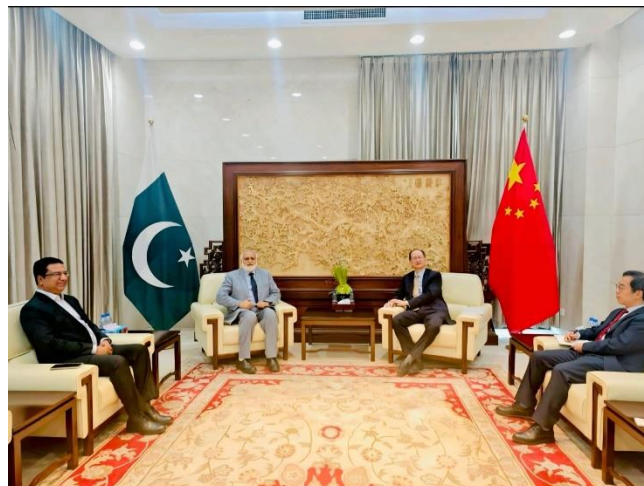

Strengthening Pakistan–China Partnership in Higher Education

7th August 2026

On 7 August 2026, Prof. Dr. Niaz Ahmad Akhtar, Chairman of the Higher Education Commission (HEC) Pakistan, visited the Embassy of the People's Republic of China in Islamabad, where he was warmly received by Mr. Shi Yuanqiang, Deputy Head of Mission, Mr. Chen Peng, Cultural Counsellor, and other distinguished diplomats of the Embassy.

The meeting provided an important opportunity to exchange views on the evolving landscape of higher education and to explore new avenues for academic and research cooperation between Pakistan and China.

The Embassy's leadership appreciated the significant contributions of HEC Pakistan under the leadership of Professor Dr. Niaz Ahmad Akhtar and acknowledged its efforts to enhance the quality, relevance, research capacity, and international engagement of Pakistan's higher education sector.

Professor Dr. Niaz Ahmad Akhtar highlighted the strategic importance of China as a key partner in Pakistan's higher education development and reaffirmed HEC Pakistan's commitment to strengthening institutional linkages between universities, research institutions, and academic communities of both countries. Discussions focused on expanding research collaboration, academic exchanges, innovation partnerships, and increasing the mobility of students and scholars.

Building on the enduring and time-tested friendship between Pakistan and China, both sides expressed their commitment to further advancing cooperation in higher education and research, guided by a shared vision of promoting knowledge, innovation, and human capital development for a prosperous future.

Mr. Khalid Taimur Akram Participated as a Speaker at “Echo: Youth in Action” – China-Pakistan Youth Forum at the Higher Education Commission (HEC), Islamabad

24 August, 2026

On 24 August 2026, Mr. Khalid Taimur Akram, Executive Director, Pakistan Research Center for a Community with Shared Future (PRCCSF), participated as a speaker at the “Echo: Youth in Action” – China-Pakistan Youth Forum, jointly organized by China Media Group (CMG) and the Higher Education Commission (HEC) Pakistan at the HEC Auditorium, Islamabad.

The forum was held under the theme “Youth, Education and People-to-People Exchanges: Strengthening Pakistan-China Cooperation.” The event provided a platform for dialogue and exchange on the important role of youth in strengthening the friendship and people-to-people ties between Pakistan and China. The programme commenced with the screening of CMG’s documentary “Echo,” highlighting the shared experiences and growing connections between the people of the two countries. The event was graced by Mr. Chen Peng, Cultural Counselor at the Embassy of the People’s Republic of China, as Guest of Honor, while Ms. Wajiha Qamar, Minister of State for Federal Education and Professional Training, attended as the Chief Guest.

The session began with a welcome address by Mr. Tassawar Zaman Babar, Director Programs & PR, China Global Television Network (CGTN) Urdu, China Media Group (CMG), followed by opening remarks from Ms. Aayesha Ikram, Director General (HRD and GE), Higher Education Commission (HEC) Pakistan.

During his address, Mr. Khalid Taimur Akram emphasized the importance of youth engagement, educational cooperation, and cultural exchanges in further strengthening Pakistan-China relations. He highlighted the role of academic collaboration, research partnerships, and people-to-people connectivity in fostering mutual understanding and contributing to the long-term development of both countries. Mr. Akram also underscored the significance of youth participation in regional initiatives, including the China-Pakistan Economic Corridor (CPEC), and encouraged greater academic and cultural interaction between the younger generations of Pakistan and China.

Distinguished speakers at the forum included:

- Mr. Fareed Ahmad Nasir, Master's-PhD Scholar in Sinology and China Studies at Beijing Language and Culture University (BLCU), China, and Associate at the World Sinology Center
- Dr. Syed Hasanat Shah, Executive Director, Centre of Excellence for CPEC (PIDE)
- Ms. Yang Siyuan, National University of Modern Languages (NUML)
- Prof. Dr. Niaz Ahmad Akhtar, Chairman, Higher Education Commission (HEC) Pakistan

The programme also brought together Chinese students studying at Pakistani universities and Pakistani students studying in China. Participants shared their experiences regarding education, cultural exchange, and life in each other's countries, contributing to a deeper understanding of Pakistan-China friendship and cooperation.

The forum was attended by government officials, diplomats, academics, researchers, students, media representatives, and policy experts. The event served as a valuable platform for dialogue and intellectual exchange, reaffirming the commitment of both countries to enhancing youth engagement, educational collaboration, and people-to-people connectivity as pillars of the Pakistan-China All-Weather Strategic Cooperative Partnership.

Advancing Education Through AI, Technology & Innovation

31 August, 2026

On 31st August 2026, Dr. Chaudhry Faisal Mushtaq, TI, CEO of The Millennium Education System (TMUC, MITE, Alumni and Industry Linkages), accompanied by his senior management team, visited the Higher Education Commission (HEC) of Pakistan and held a productive meeting with Prof. Dr. Niaz Ahmad Akhtar, SI, Chairman of HEC.

The meeting focused on the transformative impact of Artificial Intelligence (AI), emerging technologies, innovation, and the future of education in Pakistan. Both sides exchanged views on the opportunities and challenges presented by rapid technological advancements and emphasized the need to equip future generations with the skills required to thrive in an increasingly digital and interconnected world.

The discussion also underscored the importance of strengthening collaboration among educational institutions, industry leaders, policymakers, and technology stakeholders. Such partnerships are

vital for fostering innovation, promoting research and development, and creating pathways for meaningful engagement between academia and the workforce.

Mr. Khalid Taimur Akram was honored to be present during this significant interaction and contributed valuable perspectives on regional connectivity, international cooperation, and the growing role of technology in shaping future-ready societies. He highlighted the importance of knowledge exchange, global partnerships, and innovation-driven development in advancing educational excellence and sustainable progress.

Engagements of this nature play a crucial role in building a dynamic and forward-looking education ecosystem that encourages creativity, nurtures globally competitive talent, and supports Pakistan's aspirations to become a leading participant in the knowledge-based economy. The meeting reaffirmed a shared commitment to leveraging technology, innovation, and collaborative initiatives to create greater opportunities for the country's youth and future generations.

SPECIAL ARTICLES ON

“CELEBRATING 75 YEARS OF PAKISTAN–CHINA DIPLOMATIC RELATIONS”

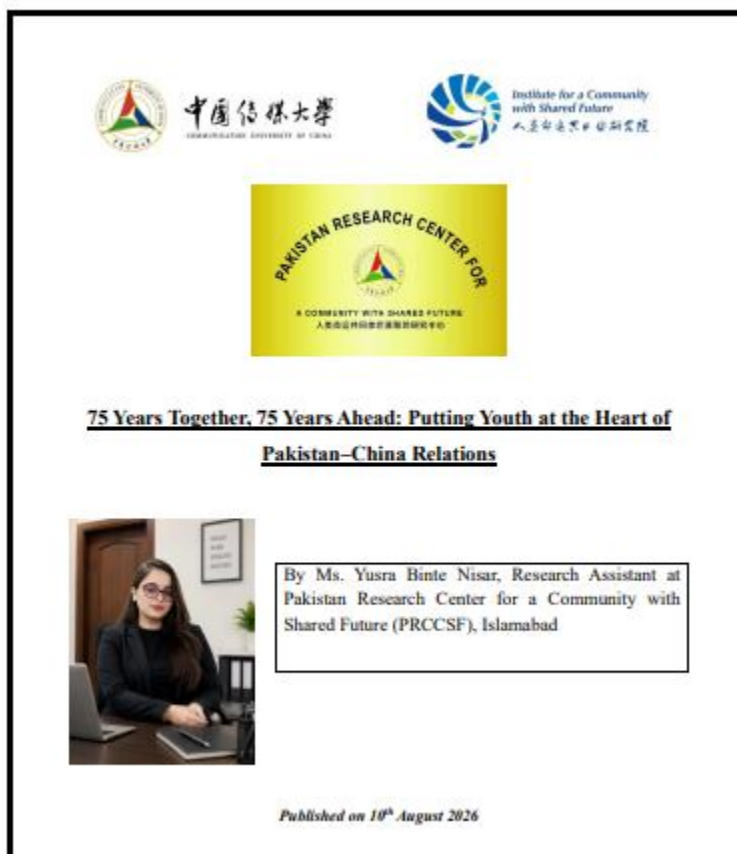

- **Article on:**

75 Years Together, 75 Years Ahead: Putting Youth at the Heart of Pakistan–China Relations

Published on 10 August, 2026

<https://prccsf.com/paper/pdf/75-Years-of-Pakistan%E2%80%93China-Relations.pdf>

The article “75 Years of Pakistan–China Relations” highlights the remarkable evolution of Pakistan–China ties since the establishment of diplomatic relations in 1951. It emphasizes how the relationship has grown from political and strategic cooperation into an enduring “All-Weather Strategic Cooperative Partnership” based on mutual trust, respect, and shared interests. The article discusses key milestones, including defense collaboration, economic integration, cultural exchanges, and the transformative role of the China–Pakistan Economic Corridor (CPEC) in enhancing

regional connectivity and development. It further underscores the importance of people-to-people ties, educational cooperation, and emerging opportunities in technology, trade, and infrastructure, while expressing optimism that both countries will continue to strengthen their partnership and contribute to regional peace, stability, and prosperity in the years ahead.

Beyond Silicon Borders: Pakistan's AI Leap and the China–Pakistan Community of Shared Future in the Digital Age

Published on 05 August, 2026

https://prccsf.com/paper/pdf/Pakistan_AI_Leap_China_Shared_Future.pdf

The article “Pakistan AI Leap: China and the Shared Future” explores how artificial intelligence (AI) can become a transformative force for Pakistan’s economic growth, technological advancement, and global competitiveness through deeper cooperation with China. It highlights China’s remarkable progress in AI, digital infrastructure, innovation, and talent development, and argues that Pakistan can benefit from Chinese expertise, investment, research collaboration, and technology transfer. The article emphasizes the importance of strengthening digital infrastructure, developing skilled human capital, promoting AI-driven industries, and

integrating AI into sectors such as education, healthcare, agriculture, governance, and manufacturing. It further links AI cooperation to the broader vision of a China–Pakistan Community with a Shared Future, presenting technological partnership as a pathway toward sustainable development, economic modernization, and shared prosperity for both countries.

Green CPEC: A Strategic Partnership for Pakistan's Climate-Resilience

Published on 06 August, 2026

<https://prccsf.com/paper/pdf/Green-CPEC.pdf>

The article “Green CPEC: The Next Phase of China–Pakistan Cooperation” argues that the future success of the China–Pakistan Economic Corridor (CPEC) depends on integrating sustainability, renewable energy, environmental protection, and climate resilience into all aspects of development. It highlights the need to transition from traditional infrastructure-led growth toward a greener model that promotes clean energy, green technology, sustainable industrialization, and environmentally responsible urban development. The article emphasizes that aligning CPEC with China’s Green Belt and Road Initiative can help Pakistan address climate

challenges, strengthen energy security, attract green investment, and achieve long-term sustainable economic growth. It concludes that a Green CPEC would not only deepen Pakistan–China cooperation but also contribute to regional environmental sustainability and the creation of a more resilient and prosperous future.

China and the Future of International Trade: From “Made in China” to “Innovated in China”

Published on 07 August, 2026

<https://prccsf.com/paper/pdf/Made-in-China.pdf>

The article “China and the Future of International Trade: From ‘Made in China’ to ‘Innovated in China’” examines China’s transformation from being primarily the world’s manufacturing hub to becoming a global leader in innovation, advanced technology, and high-value industries. It highlights how investments in research and development, artificial intelligence, robotics, digital technologies, green energy, and smart manufacturing are reshaping China’s role in the global economy. The article argues that the shift from “Made in China” to “Innovated in China” reflects China’s ambition to move up the global value

chain, strengthen technological self-reliance, and create internationally competitive brands and technologies. It further discusses the implications of this transition for international trade, global supply chains, and developing countries such as Pakistan, emphasizing opportunities for technological cooperation, industrial modernization, and shared economic growth.

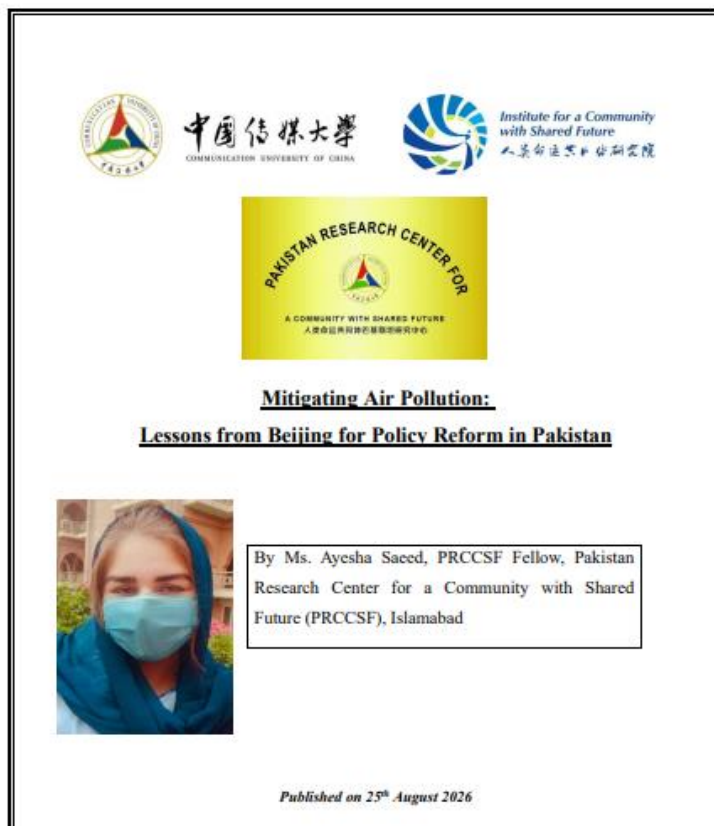

- **Article on:**

Mitigating Air Pollution: Lessons from Beijing for Policy Reform in Pakistan

Published on 25 August, 2026

<https://prccsf.com/paper/pdf/Mitigating-Air-Pollution-Lesson-from-Beijing.pdf>

The article “Mitigating Air Pollution: Lessons from Beijing for Policy Reform in Pakistan” examines how Beijing successfully addressed severe air pollution through a comprehensive strategy that combined strict environmental regulations, industrial reforms, cleaner energy adoption, vehicle emission controls, regional coordination, and strong enforcement mechanisms. It argues that Pakistan, which continues to face worsening air quality and smog challenges, can draw valuable lessons from Beijing’s experience by adopting data-driven policies, strengthening environmental institutions, improving monitoring systems, promoting clean energy, regulating industrial and transport emissions, and enhancing public awareness. The article emphasizes that

effective air pollution control requires a coordinated, long-term approach involving government, industry, and society, and concludes that adapting Beijing’s successful policies to Pakistan’s local realities can help improve public health, environmental sustainability, and overall quality of life.

A New Chapter in Azerbaijan–Uzbekistan Relations: From Eternal Friendship to Strategic Partnership

Published on 29 August, 2026

<https://prccsf.com/paper/pdf/A-New-Chapter-in-Azerbaijan%E2%80%93Uzbekistan-Relations.pdf>

This article examines the deepening partnership between Azerbaijan and Uzbekistan, highlighting the historic state visit of President Ilham Aliyev to Uzbekistan and the signing of the **Treaty on Eternal Friendship**. The article argues that the relationship has evolved beyond shared cultural, historical, and Turkic ties into a comprehensive strategic partnership focused on trade, investment, transport connectivity, energy cooperation, and regional integration. It emphasizes the growing institutional framework supporting bilateral relations, ambitious plans to increase trade and investment, and joint efforts to enhance connectivity across the Caspian region. The article concludes that the strengthening Azerbaijan–Uzbekistan partnership represents a significant development in Eurasia, with the potential to promote economic growth, regional stability, and stronger links between Central Asia, the Caucasus, and Europe.

Development, Security, Civilization, Governance: Decoding China's Four-Initiative Strategy

Published on 31 August, 2026

<https://prccsf.com/paper/pdf/Beyond-the-BRI-China-Global-South-Pakistan.pdf>

The article “Beyond the BRI: China, the Global South, and Pakistan’s Shared Future” examines how China’s engagement with the Global South is evolving beyond infrastructure development under the Belt and Road Initiative (BRI) toward a broader framework of economic cooperation, technological innovation, sustainable development, and global governance. It argues that Pakistan, as a key strategic partner of China and a flagship participant in CPEC, is well positioned to benefit from this transformation through deeper collaboration in digital technology, green development, industrial modernization, education, and regional connectivity. The article highlights the importance of building a China–Pakistan Community with a Shared Future based on mutual development and South-South cooperation, while emphasizing that emerging opportunities in trade, innovation, and people-to-people exchanges can contribute to long-term prosperity, regional stability, and a more inclusive international order.

Sustainable Rural Growth and China's Cluster Model: Insights from Mr. Khalid on FM 98

Dosti Channel

7th August 2026

On 7 August 2026, Mr. Khalid Taimur Akram participated in the live program “Hum Qadam” on FM 98 Dosti Channel, where he discussed China’s innovative cluster development model as a key component of the country’s rural revitalization strategy. During the discussion, he explained that the model seeks to connect neighboring villages through shared resources, infrastructure, cultural heritage, tourism, and economic activities in order to strengthen local economies and promote balanced regional development. He noted that the initiative addresses the development gap between urban and rural areas while creating new opportunities for sustainable growth in remote regions.

Gdh digital (Türkiye) Interviews Mr. Khalid Taimur about Pakistan-Saudi Arabia- Türkiye defence deal

8th August 2026

On 8 August 2026, Mr. Khalid Taimur Akram gave an exclusive interview with Gdh TV (TÜRKIYE), where he discussed the emerging defence cooperation among Pakistan, Saudi Arabia, and Türkiye. During the interview, Mr. Akram stated that the three leading Muslim countries now have the opportunity to establish a joint mechanism and present a unified voice on regional and international issues. He emphasized that the Muslim world is increasingly working together to combat terrorism and promote collective security, while noting that additional countries may join this cooperation framework in the future.

Mr. Akram observed that Azerbaijan and other Turkic-speaking nations could potentially become part of such collaborative initiatives at a later stage. He further clarified that the objective of greater unity among Muslim countries is not to create new conflicts, but to address existing challenges and strengthen regional stability.

The interview was hosted by Ms. Gaye Sude Kayışlı, International Correspondent, Gdh Digital Türkiye.

China's Technological Rise Under President Xi Jinping: Insights by Mr. Khalid Taimur

Akram on CMG

14th August 2026

On 14 August 2026, China Media Group (CMG) interviewed Mr. Khalid Taimur Akram in Beijing, China, where he discussed China's growing leadership in science, technology, artificial intelligence, and research and development. During the interview, he highlighted China's remarkable transformation into a global innovation powerhouse and referred to the technological development zones in Daxing District, Beijing, as examples of the country's commitment to innovation-driven growth. He emphasized how advanced technologies are being integrated across industries, including logistics, e-commerce, electric vehicles, manufacturing, and supply chains. He noted that China's strategic focus on digitalization and technological advancement has made science and innovation key drivers of economic development.

CPEC is Opening New Pathways for Development: Insights from Mr. Khalid Taimur on FM 98 Dosti Channel

24th August 2026

On 24 August 2026, Mr. Khalid Taimur Akram, expert on international affairs, participated in the live program “Hum Qadam” on FM 98 Dosti Channel. During the discussion, he highlighted the significance of the China-Pakistan Economic Corridor (CPEC) and the Belt and Road Initiative (BRI), emphasizing that CPEC is far more than an infrastructure project. He explained that it serves as a comprehensive framework for regional connectivity, trade, investment, and shared development, creating new opportunities for economic growth and cooperation across Pakistan and the wider region.

Mr. Akram further noted that CPEC, as the flagship project of the BRI, reflects the vision of President Xi Jinping’s “Community with a Shared Future for Mankind,” which promotes international cooperation, connectivity, and mutual prosperity.

China, U.S. Hold Third Track 1.5 Dialogue in Beijing: Insights from Mr. Khalid on FM 98

Dosti Channel

14th August 2026

On 26 August 2026, Mr. Khalid Taimur Akram, an expert on international affairs and Chinese affairs, participated in the live program “Hum Qadam” on FM 98 Dosti Channel. During the program, he discussed the significance of the third China-U.S. Track 1.5 Dialogue, held in Beijing with the participation of around 40 Chinese and American representatives from diverse fields. Mr. Akram explained the concept and importance of Track 1.5 diplomacy, describing it as a platform that brings together government representatives, diplomats, policy experts, academics, business leaders, civil society representatives, and other stakeholders to facilitate meaningful dialogue, enhance mutual understanding, and promote constructive engagement between countries. He highlighted that such dialogue mechanisms can play an important role in addressing differences and building greater trust between major global powers.
